

School Sports Grant

The PE and sport premium

Schools must spend funding to improve the quality of the PE and sport activities they offer their pupils, but we are free to choose the best way of using the money.

For example, we can use our funding to:

- ✚ Hire specialist PE teachers.
- ✚ Hire qualified sports coaches to work with teachers.
- ✚ Provide existing staff with teaching resources to help them teach PE and sport.
- ✚ Support and involve the least active children by running or extending school sports clubs, holiday clubs and Change4Life clubs.
- ✚ Run sport competitions or increase pupils' participation in the School Games.
- ✚ Run sports activities with other schools.

Greentrees School aims to increase PE participation and enjoyment for *all* pupils, increase the coaching/teaching competence of class teachers, offer a greater range of sports activities (often led by specialist coaches) and fund inter-school sports competitions. We are also trying to introduce 'Change4Life' activities. We hope that the activities and resources that we fund through the School Sports Grant will support a sustainable improvement in PE teaching and pupil participation in sport. As a school we complete a chevron to determine how best to spend this money to improve PE and Sports at Greentrees. Greentrees has used the money to improve the areas outlined in this review. This year we have implemented a new PE initiative called the Golden Mile.

How the £9, 052 Grant was used in 2016-2017

To deliver cluster sports in a supported framework we will continue to be part of the Salisbury PE cluster group supported by Karen Moore from St Edmunds Academy. This cluster will provide a range of competitive sporting opportunities throughout the year. **Cost £900**

To pay for staffing costs:

Coaching

Attendance at training and cluster meetings

To release the PE co-ordinator to attend the competitive sporting opportunities with the children thereby ensuring maximum impact for the children. **Cost £781.26**

To employ a dance teacher to teach dance throughout the school and provide CPD for teachers during these sessions so that teachers become increasingly confident in the teaching of dance. **Cost £1975**

To buy new resources **£2576.54**

To provide transport to sporting events. **Cost £1148.62**

Golden Mile **£500**

PE Course **Cost £160**

Riverside Tennis **£40**

Olympic Judo experience. **Cost £480**

Salisbury Area Schools **£50**

Golf Taster Day **£175**

Sarum Orienteering Club **£85**

Stay Active Ltd **£250**

Fussballtrainer quickster soccer **£111.48**

Total £9132.90

Impact on the whole school

We have made good use of the primary PE grant, Street Dance continues to be successful and is particularly popular with both pupils and teachers. Teachers have learnt a lot as result of observing a dance specialist and are beginning to use ideas picked up in these lessons in their own teaching. The funding also helps pupils participate in several competitive sports in a Secondary school environment. Listed below are some of the events we entered last year and our successes.

The Golden Mile has had a great impact on the school this year. All children (reception through to Year 6) have completed 3 or 4 minutes of exercise at least twice a week with the aim of improving their stamina over the course of the year. Following the introduction of this initiative, all children within the school are now taking part in some form of physical activity and the results have been noted by many members of staff. The children have walked into Salisbury City Centre and were able to do so at a good pace. As a result of the Golden Mile Initiative, the KS2 children competing at the Schools Yearly Mini Marathon and both individually and as a team, did extremely well, even better than last year.

Here are some of the key findings from the data that we received from Premier Sports, comparing data from the baseline completed at the start of the year to the start of July.

1. Overall as a school, the BLM completion rate was previously **67%** and is now 73%.
2. As a school by gender, 71% of all girls and 74% of all boys completed their BLM.
3. The overall completion rate continues to mask a significant difference between the fitness of the children at KS1 & KS2. At KS1 an impressive 83% (**previously 76%**) completion rate compares strikingly with 65% (**previously 60%**) at KS2, both results are an improvement from the previous test.
4. In terms of Average Distance Travelled, pupils at Greentrees travelled an average of 607m (**previously 573m**) during their Baseline Measurement runs and improvement of 34m. This is above the regional average of 587m.
5. As a school by gender, girls ran an average of 582m (**previously 543m**) whereas the boys completed an average of 626m (**previously 599m**) during their run and sees improvements in both results from the last result. These values are higher compared to the regional averages of 612m for boys and 560m for girls.
6. The average distance covered by KS1 children of 463m (**previously 421m**) and the average distance covered by those in KS2 of 715m (**previously 688m**). This is an improvement of 42m for KS1 and 27m by KS2 since the last test.

We attended many sporting events and have competed significantly better at the competitions because of the increase in specific coaching:

-  Golden Mile Baseline Assessment (Sept 2016)
-  Girls Football Tournament at St. Edmunds (Sept 2016)
-  Golf Taster Session (Sept 2016)
-  Mixed Football Tournament at St. Edmunds (Oct 2016)
-  Year 5/6 Indoor Cricket Tournament (Oct 2016)
-  Year 5/6 Tri Golf Festival (Oct 2016)
-  Year 3/4 Football Tournament at St. Edmunds (Oct 2015) – Runners Up
-  Year 5/6 Orienteering (Oct 2016)

- ✚ Boccia Event (SEND – Nov 2016)
- ✚ High 5 Netball Festival at SWGS (Nov 2016)
- ✚ Year 5/6 Hockey Tournament (Nov 2016)
- ✚ ASD Dance Day (Jan 2017)
- ✚ Year 5/6 Cross Country (Jan 2017)
- ✚ ASD Dance workshop hosted by Greentrees (throughout Mar & Apr 2017)
- ✚ Small School Games at Laverstock Site - Entered teams into Football & Netball events.
- ✚ Football coach at the Junior Site throughout the summer term.
- ✚ The big pedal throughout the spring term (Whole School initiative).
- ✚ Olympic Judo coaching throughout the summer term at the Infant site.
- ✚ Tag Rugby Tournament at BWS (Apr 2017)
- ✚ Bronze Leader Training at St. Edmunds – attended by 4 Year 5 pupils
- ✚ Year 3/4 Quad Kids at St. Edmunds (Jun 2017) – 2nd place
- ✚ Kwik Cricket Festival at St. Edmunds, came 2nd in the county final.

We achieved particular success in the following:

- ✚ **KWIK CRICKET TOURNAMENT**
- ✚ **BOYS FOOTBALL YEAR 5/6**
- ✚ **Quad Kids (Year 3 and 4)**
- ✚ **Cross Country and Mini Marathon**

Other sport opportunities:

‘Change 4 Life’ activities were offered at lunchtimes throughout the whole academic year.

We also now offer a Soccer Club for Years 3 to 6 in addition to the club for Years 1 and 2.

We continue to offer Judo in both KS1 and KS2.

A golf club was introduced in the spring term, however due to lack of numbers this was cancelled in the summer term.

The sports premium grant has had a major impact on the teaching of sports and dance in the school.

The level of dance progress continues to be outstanding.

Our ASD Dance workshops were particularly successful and gave SEN children and less active children an opportunity to demonstrate their skills.

We have had lots of outside support from an FA skills coach and a local academy coach to improve KS2 football skills and multi-skills in Year 1 and 2.

In the summer term we promoted a ‘walk to Zambia’ initiative whereby the children ran/walked laps of the playground. Each class teacher calculated how far their class had travelled, the goal being for the children to walk from England to Zambia.

Impact of the funding on the role of the PE co-ordinator

The Youth Sports Trust self-review tool to determine the schools needs in PE was completed and the school has achieved the ‘silver’ award.

This is the first year of having two PE Co-ordinators (one based at each site). This has worked extremely well.

How we intend to spend the £9052 Grant in the academic year 2017-18

Amount	Activity	Objective
--------	----------	-----------

£3500	A Street Dance specialist will continue to spend 1 day a week in school. The infant and junior classes will rotate on a half termly basis. The Street dance teacher will work closely alongside the class teacher and pass on her expertise and guidance.	Staff will be able to support this activity independently in the future.
£1700	Continue to buy physical resources to support the PE curriculum & to support Lunchtime activities	<p>To ensure that both Infant site is well equipped to enable quality provision of PE across all aspects of learning: e.g. games, dance, gymnastics, athletics etc.</p> <p>To ensure that the chn on both sites have significant play equipment at Lunchtimes.</p>
£900	Salisbury PE cluster group subscription.	This cluster group will provide access to a range of competitive sporting opportunities and festivals throughout the year. As well as providing support and professional development for the PE subject leader.
£2500	Staffing costs	<ul style="list-style-type: none"> ✚ To provide additional coaching. ✚ To enable attendance at training and cluster meetings. ✚ To release the PE subject leader to attend the competitive sporting opportunities with the children thereby ensuring maximum impact for the children.
£500	Golden Mile Initiative (EYFS, KS1 & KS2)	Premier Sports will be running the Golden Mile initiative with the children. Baseline assessments will be conducted at both sites in the Autumn term. Teachers will be using PE/ Wake & Shake time to

		increase the chns fitness throughout the year. This initiative is part of our International link.
Total: £9100		

In July an Impact Report will be written, this report will evaluate the spend
